ITEC was created by the Town Board in 1972 in order to preserve and improve the quality of life of the natural and man made environment within the Town of Islip.

- The Council advises on all matters affecting the preservation, development and use of the conditions of the Town of Islip.
- ITEC conducts surveys and studies as may be necessary to help research our environmental condition.
- The Council sponsors community programs that foster increased understanding of environmental issues.
- The Council maintains communications with public and private agencies of local, state and national scope whose programs have an impact on the quality of our environment.
- ITEC works closely with KIC (Keep Islip Clean) to further the mission of keeping our Town clean and beautiful.
